

Philips  
Health grill

2000 W

HD4407

Adjustable thermostat

Upright storage

Dishwasher-safe parts

Sloped or horizontal grilling

Multiple grilling positions

## Discover fuller flavours

Seal in the flavour with high temperature plates

This health grill has high temperature grill plates to seal in all the juicy flavour. These heat up fast and maintain a constant temperature for results you can trust, and can be used in a sloped or horizontal position for different cooking styles.

### Discover fuller flavours

- High temperature grill plates seal in all the flavour
- Adjustable thermostat ensures perfect results for every food
- High power for heating up fast and keeping a constant heat

### Only a little effort

- Non-stick surface prevents food particles from sticking
- Easy to store upright; tidy storage of lead and tray
- Dishwasher-safe parts make cleaning easy

### Smart features

- Grill surfaces can be used in a sloped or horizontal position
- Healthy sloped grill plates drain away fat into grease tray
- Multiple grilling positions: closed, fully open or gratin
- Floating hinge to grill any thickness of food

## Specifications

### General specifications

- Integrated on/off switch
- Temperature light
- Cool-touch handgrips
- Non-slip feet
- Lead storage
- Grease tray storage

### Technical specifications

- **Cord length:** 1 m
- **Power:** 2000 W
- **Voltage:** 220-240 V
- **Frequency:** 50/60 Hz
- **Grill plate dimensions (W x D):** 319 x 223 mm

### Design and finishing

- **Colour(s):** Steel/silver
- **Materials:** Steel housing/ALU plates/plastic parts

### Weight and dimensions

- **Product dimensions (W x H x D):** 405 x 280 x 315 mm
- **Weight of the appliance:** 3.9 kg

HD4407

## Product highlights

### High temperature grill plates

*The high temperature of the grill plates seals in all the juices and flavour of the food. That's because the moment the food comes into contact with the surfaces of the grill, it begins to sizzle and brown, forming a tasty crust that keeps all the goodness and flavour inside, where it belongs.*

### Adjustable thermostat

*Adjustable thermostat ensures the perfect result.*

### Upright storage

*Easy to store upright; tidy storage of lead and tray.*

### Dishwasher-safe parts

*Dishwasher-safe parts make cleaning easy.*

### Sloped or horizontal grilling

*The adjustable grilling surfaces can be used in either a sloped or horizontal position, giving you plenty of different ways to cook. The sloped position lets excess grease run off into the included grease tray, which is very healthy and ideal for meat and foods containing excess oil. The horizontal setting is for cooking the food in its own tasty juices or a marinade, and is great for stir-frying and grilling.*

### Multiple grilling positions

*The grill can be used with the lid sealed, fully open or gratin, allowing you to prepare many different dishes. 1. The sealed position holds in all the flavour and is ideal for grilling meat, fish, vegetables and sandwiches. 2. The fully open position is like a mini-barbeque, perfect for table grilling, fun cooking or warming up your food. 3. The gratin position is suitable for melting cheese onto toast or vegetables such as tomatoes and courgettes.*

### Floating hinge

*Floating hinge to grill any thickness of food.*
