High quality light

- Warm white light
- High light quality with strong light output

Sustainable light solutions

- Extremely long operating life
- Saves up to 80% energy

Special characteristics

- On/off switch on article
- Flexible arm

Highlights

Light and design

This design lamp has light with a minimalist essence that defies traditional boundaries, creating light and lightforms of inspiring purity and beauty.

Warm white light

This light uses the very latest lighting technology by Philips with the new warm white state-of-the-art high power LEDs providing a glow of light with a colour temperature of 2700 Kelvin.

High light quality

A LED lighting module of 7.5W produces the equivalent light output as an 40W incandescent

lamp (350 Lumen). Save energy with strong light output.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambiance in your home.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient

(7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

On/off switch on article

With the button discreetly integrated to the article, you can easily switch the light on and off.

Flexible arm

Flexible arm

Specifications

Design and finishing

- Material: aluminium
- Color: grey

Extra feature/accessory incl.

- PowerLED integrated
- Pull relief

Product dimensions & weight

- Height: 50.6 cm
- Length: 12 cm
- Width: 12 cm
- Net weight: 0.400 kg

Technical specifications

- Mains power: Range 220 V - 240 V, 50-60 Hz
- Bulb technology: LED, Safety Extra Low Voltage
- Number of bulbs: 1
- Wattage bulb included: 2.5 W
- Maximum wattage replacement bulb: 2.5 W

- Light color: warm white
- Lamp lifetime up to: 20,000 hrs
- Beam angle: 120°
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed

Service

- Warranty: 2 year(s)

Packaging dimensions & weight

- Height: 24.4 cm
- Length: 23.1 cm
- Width: 14.6 cm
- Weight: 0.698 kg

Miscellaneous

- Especially designed for: Home office & Study
- Style: Modern
- Type: Wall light
