

Philips Ledino
Wall light

Ledino

69080/87/16

Giving light a new experience

Power with precision. This highly-directional linear spotlight family is built around a sheer aluminium bar with an architectural feel inspired by professional lighting systems.

Elegant design meets innovative technology

- Warm white light effect
- High Power LED
- High light quality with strong light output
- On/off switch on article
- The perfect beam angle for spot lighting (40°)
- Rotates freely in any direction

Sustainable light solutions

- Extremely long operating life
- Saves up to 80% energy

Highlights

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20,000 hours (which equals 20 years on a basis of an average use of 3 hours/day with an amount of at least of 13,000 on/off switching cycles). It feels so comfortable to think that you won't have to worry about maintenance or lamp replacement while having the perfect light ambience in your home.

High light quality

A module of 7.5 W produces the equivalent light output as a 40 W incandescent lamp (350 Lumen) with strong light output.

High Power LED

The LED module is a unique solution developed by Philips, which combines 3 LEDs

in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

On/off switch on article

With the button discreetly integrated into the article, you can easily switch the light on and off.

Rotates freely

Rotates freely in any direction

Saves up to 80% energy

The LED lighting technology used in Philips luminaires is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every luminaire conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the

environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

The perfect beam angle

The perfect beam angle for spot lighting (40°)

Warm white light effect

Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of warm white light high power LEDs, reaching a colour temperature of 2700 Kelvin. This innovation brings our luminaires to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Specifications

Design and finishing

- Material: aluminium
- Colour: grey

Extra feature/accessory incl.

- PowerLED integrated
- Compatible with wall dimmer

Product dimensions and weight

- Height: 13.6 cm
- Length: 13.2 cm
- Width: 10.2 cm
- Net weight: 0.620 kg

Technical specifications

- Mains power: Range 220 V–240 V, 50–60 Hz
- Bulb technology: PowerLED, Safety Extra Low Voltage
- Number of bulbs: 1
- Wattage bulb included: 7.5 W

- Maximum wattage replacement bulb: 7.5 W
- Light colour: 2700K warm white
- Beam angle: 40°
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed

Service

- Warranty: 2 year(s)

Packaging dimensions and weight

- Height: 14.7 cm
- Length: 14.8 cm
- Width: 14.3 cm
- Weight: 0.718 kg

Miscellaneous

- Especially designed for: Living Room and Bedroom
- Style: Modern
- Type: Wall light

Issue date 2014-05-20

Version: 2.0.1

12 NC: 9150 024 97101
