Giving light a new experience

Surf light waves with this suspended wave-inspired pendant in premium aluminium - an elegant centrepiece to any room. Studded with four tiny high-power LEDs, its organic curves and slim profile are smooth and sleek with no visible screws.

Elegant design meets innovative technology

- High Power LED
- High light quality with strong light output
- Adjustable light intensity with dimmer switch
- Cool white light effect

Sustainable light solutions

- Extremely long operating life
- Saves up to 80% energy

Easy to experience

- Adjustable height to suit your needs

PHILIPS

Highlights

Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry about maintenance or lamp replacement while having the perfect light ambience in your home.

High light quality

A LED lighting module of 7.5W produces the equivalent light output as an 40W incandescent lamp (350 Lumen). Save energy with strong light output.

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient

(7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

Adjustable mounting

This product is delivered with long cables to offer you a maximum flexibility during installation. Choose the perfect height matching your needs.

Cool white light effect

Light up your home with cool white light effects thanks to the latest LED innovation. Philips introduces the latest generation of cool white light high power LEDs, reaching a color temperature of 4000 Kelvin. This innovation brings our luminaires to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Specifications

Design and finishing

- Material: aluminium
- Color: white

Product dimensions & weight

- Height minimum: 0.0 cm
- Height maximum: 148 cm
- Length: 90.1 cm
- Width: 10.6 cm
- Net weight: 1.900 kg

Technical specifications

- Mains power: Range 220 V - 240 V, 50-60 Hz
- Number of bulbs: 4
- Wattage bulb included: 7.5 W
- Fixture dimmable
- LED

- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed

Service

- Warranty: 1 year(s)

Packaging dimensions & weight

- Height: 91.8 cm
- Length: 11.9 cm
- Width: 9.9 cm
- Weight: 2.210 kg

Miscellaneous

- Especially designed for: Living- & Bedroom
- Style: Modern
- Type: Suspension light
