

Philips PowerPro
Bagless vacuum cleaner
with PowerCyclone 4
Technology

1700W

FC8471/01

Higher suction power for a better clean*

With PowerCyclone 4 Technology

The new Philips PowerPro Compact delivers powerful performance without compromises thanks to the PowerCyclone 4 technology and advanced bucket design

Powerful cleaning performance

- PowerCyclone 4 technology separates dust and air in one go
- 1700 Watt motor for high performance

Clean air in your home

- The HEPA filter catches microscopic vermin causing allergy

Easy to clean

- Washable foam filter for life-long performance
- Advanced dust container design for easy to emptying

Ergonomic grip for far reach

- Reach all corners thanks to the extra long ergonomic grip

PHILIPS
sense and simplicity

Highlights

PowerCyclone 4 Technology

The PowerCyclone 4 technology delivers best cleaning results in one go through highly efficient steps: 1) Air enters fast into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air upwards in the cyclonic chamber to separate the dust from the air.

Washable foam filter

Washable foam filter for life-long performance

Easy to empty dust container

The dust container is perfectly designed to dispose dust without creating a dust cloud. Thanks to its unique shape and smooth surface, dust is collected at one side of the container and evenly glides into the dust bin.

Extra long ergonomic grip

This ergonomically shaped grip is convenient in use. Its extra long design gives you farther reach, so you can easily clean hard to reach places.

HEPA filter system

The pleated HEPA filter has a large filter surface and good filtration performance. In combination with the cyclonic airflow, this prevents it from clogging fast and gives you better and longer-lasting filtration results.

1700 Watt Motor

The 1700 Watt motor generates max 300Watt suction power for high performance.

Specifications

Design

- Color: Star blue

Performance

- Input power (max): 1700 W
- Input power (IEC): 1400 W
- Suction power (max): 330 W
- Vacuum (max): 28 kPa
- Airflow (max): 36 l/s
- Noise level (Lc IEC): 82 dB

Filtration

- Dust capacity: 1.5 l
- Exhaust filter: Micro filter
- Motor filter: Washable double foam filter

Usability

- Action radius: 9 m
- Cord length: 6 m
- Tube type: Fixed 2-piece metal tube
- Carrying handle: Front
- Tube coupling: Conical
- Wheel type: Plastic

Nozzles and accessories

- Standard nozzle: Multi-purpose Nozzle
- Accessories: Crevice tool, Small nozzle

Sustainability

- Packaging: > 90% recycled materials
- User manual: 100% recycled paper

Weight and dimensions

- Weight of product: 4.5 kg

Issue date 2013-01-16

Version: 6.0.1
