## Highlights

### Full size trimmer

Maintain your style, get clean, sharp lines around the edge of your beard, or create perfect stubble with the full-sized trimmer.

### Bodyroom shaver

The Bodyroom shaver is designed for a gentle and comfortable shave on any area below the neck. Trim and shave in one stroke for a completely smooth finish. The shaver head is made with a hypo-allergenic foil and has patented rounded tips to protect your skin while shaving.

### Beard comb

Keep your beard at the length you prefer. Choose from 18 length settings in 1mm steps by using the beard comb on the full-sized trimmer.

### Hair-clipping comb

Keep your hair neat and styled at the length you prefer by selecting between 18 different length settings on the hair-clipping comb, in 1mm steps (3-20mm).

### Bodyroom comb

Trim your body hair to the length you prefer by selecting between 10 different length settings on the body-trimming comb.

### Skin-friendly high-performance

Guaranteed best results with precision heat-treated blades made of finely ground Chromium steel. Self-sharpening blades ensure long-lasting performance while rounded blade tips and combs prevent skin irritation.

### Turbo power

High performance battery with 50 min usage after only 1 hour charge. Also features a 5 min quick charge for one complete trim. Get fast results on thick hair with the turbo setting, which increases cutting speed.

### Storage pouch

Keep your grooming kit organized with the convenient travel pouch, which holds and protects your Multigroomer when you're on the go.

### Built to last
