S7370/12

## Smooth glide, sensitive shave

Philips' no.1 on sensitive skin\*

Take the edge off shaving. Specially designed to be comfortable on sensitive skin, the Philips Shaver series 7000 features comfort rings with a unique microbead coating which enables the shaver to glide effortlessly across your face.

### Designed for maximum skin comfort

- Anti-friction microbead coating for a smooth glide
- Heads effortlessly flex in 5 directions for extra comfort
- Get a comfortable dry or refreshing wet shave with AquaTec

### A close and smooth shave

- Blades gently guide hairs for a close, sensitive shave
- Lifts hairs to cut comfortably close

### Easy to use

- Intuitive display make the functions easy to use
- 50 minutes of cordless shaving after a one-hour charge
- Comes with a 2-year guarantee
- Shaver can be rinsed clean under the tap

### Get the most out of your shaver

- Click-on trimmer for perfect mustache and sideburn trimming

# PHILIPS

Wet and dry electric shaver with AquaTec Wet & Dry  
Comfort rings 50 min cordless use/1h charge, SmartClick precision trimmer

S7370/12

# Highlights

## Comfort rings

Our Comfort rings contain a unique coating – consisting of thousands of powder-like beads – which creates a soft, low-resistance surface. Therefore, the shaver glides effortlessly across your face and reduces irritation, while leaving your skin smooth.

## 5-direction DynamicFlex Heads

DynamicFlex heads effortlessly move in 5 directions to follow every curve of your face and neck for a more comfortable shave.

## GentlePrecision Blade System

Our specially-designed blade system protects your skin while cutting extremely close on long, short and flat-lying hairs. The slots are engineered to position each hair at its ideal cutting point, so as to carefully cut without damaging your skin.

## Super Lift & Cut Action

Shave closer with the dual-blade Super Lift & Cut action. The first blade raises each hair while the second blade comfortably cuts below skin level, for really smooth results.

## 1 level battery indicator

The display has a one level battery indicator, a cleaning indicator, a battery low indicator, a replacement head indicator and a travel lock indicator.

## AquaTec Wet & Dry

Choose how you prefer to shave. With the AquaTec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet – with gel or foam – even under the shower.

## SmartClick precision trimmer

Click on our skin-friendly precision trimmer to finish your look. It's ideal for maintaining your mustache and trimming your sideburns.

## 50 minutes of cordless shaving

The energy-efficient, powerful lithium-Ion battery system gives you two convenient options: Charge it for an hour for up to 50 minutes of shaving time, or a quick charge for one full shave. All Shaver series 7000 models are designed to operate only in cordless mode to ensure safety in wet environments.

## Built to last

We back this Philips shaver with a 2-year guarantee. Our Series 7000 shavers are designed for performance and durability.
